Contents

1	**How to use this kit**	Rules, workflow, roles
2	**Master deliverables**	All 16 items, owners and due dates
3	**Pre-launch timeline**	Day -7 to Day 2 at a glance
4	**Photo angle reference**	15 standard shots + shot plan NEW
5	**Website & portal standard**	Title, description, spec table, gallery order
6	**YouTube standard**	Walkthrough, running video, Short
7	**Instagram standard**	Reel, carousel, Stories, captions
8	**Facebook & buyer email**	Reuse rules and EDM layout
9	**Launch & repost schedule**	Day 0 to sold, event posts
10	**Naming, links & hashtags**	Files, folders, UTMs, hashtag bank
11	**Platform specs & compliance**	Cheat sheet, consents, drone, ACL NEW
12	**Enquiry handling & reporting**	Response times, tracker fields NEW
13	**Pre-publish QA checklist**	Tick every box before Day 0

What changed in v2.0

Redesigned layout · visual pre-launch timeline and repost timeline · new **Photo angle reference** with a shot plan, deck plan and 15 shot cards · new platform spec cheat sheet · new consent, privacy, drone and advertising-law notes · new enquiry-handling standard · QA checklist expanded and split by stage · YouTube chapters fixed to run in order.

SECTION 1

How to use this kit

Every DMB listing ships the same 16 core deliverables, in the same format, on the same schedule. Work top to bottom: shoot, build the assets, publish with the templates, then follow the repost schedule until the boat is sold.

01 **Sign & collect**
Listing pack
Day -7

02 **Shoot**
Photo, video, drone
by Day -5

03 **Build assets**
Edit, copy, brochure
Day -2 to -1

04 **QA & sign-off**
Section 10 checklist
Day -1

05 **Launch**
All channels live
Day 0–2

06 **Repost to sold**
Every 14 days
+ event posts

The rules

- **One listing = one folder.** Name it `DMB-[ListingID]-[Year]-[Make]-[Model]` and keep raw files, edits, captions and links inside.
- **One source of truth.** Price, specs and location come from the signed listing agreement and spec sheet only. Never copy specs from old ads or the manufacturer's site.
- **Real photos only.** Every asset uses photos and video of the actual boat. No manufacturer stock, renders or AI-altered images. Colour correction, exposure and straightening are fine; removing defects, adding sky or changing the boat is not.
- **Nothing goes live until QA is ticked.** Section 13 is the gate. The broker signs the last box.
- **Placeholders.** Anything in [square brackets] is filled per listing. Delete any line that doesn't apply (e.g. no flybridge).

Who does what NEW

Role	Owns	Signs off
Broker	Listing agreement, price, owner relationship, on-camera walkthrough, enquiry follow-up	Owner approval, final QA, price changes
Media	Shoot, photo edit, all video, thumbnails, Reels, Shorts	Visual and video QA
Admin	Brochure, website, portals, captions, Stories, Facebook, email, tracker, calendar	Links, tags and admin QA

Exceptions
Any of the 16 deliverables can be skipped only with the broker's written sign-off, recorded in the tracker (e.g. no running video for a boat on the hardstand, no YachtWorld for a sub-$300k trailer boat).

SECTION 2

Master deliverables

All 16 are required for every listing. Day 0 = public launch day. The shoot happens no later than Day -5.

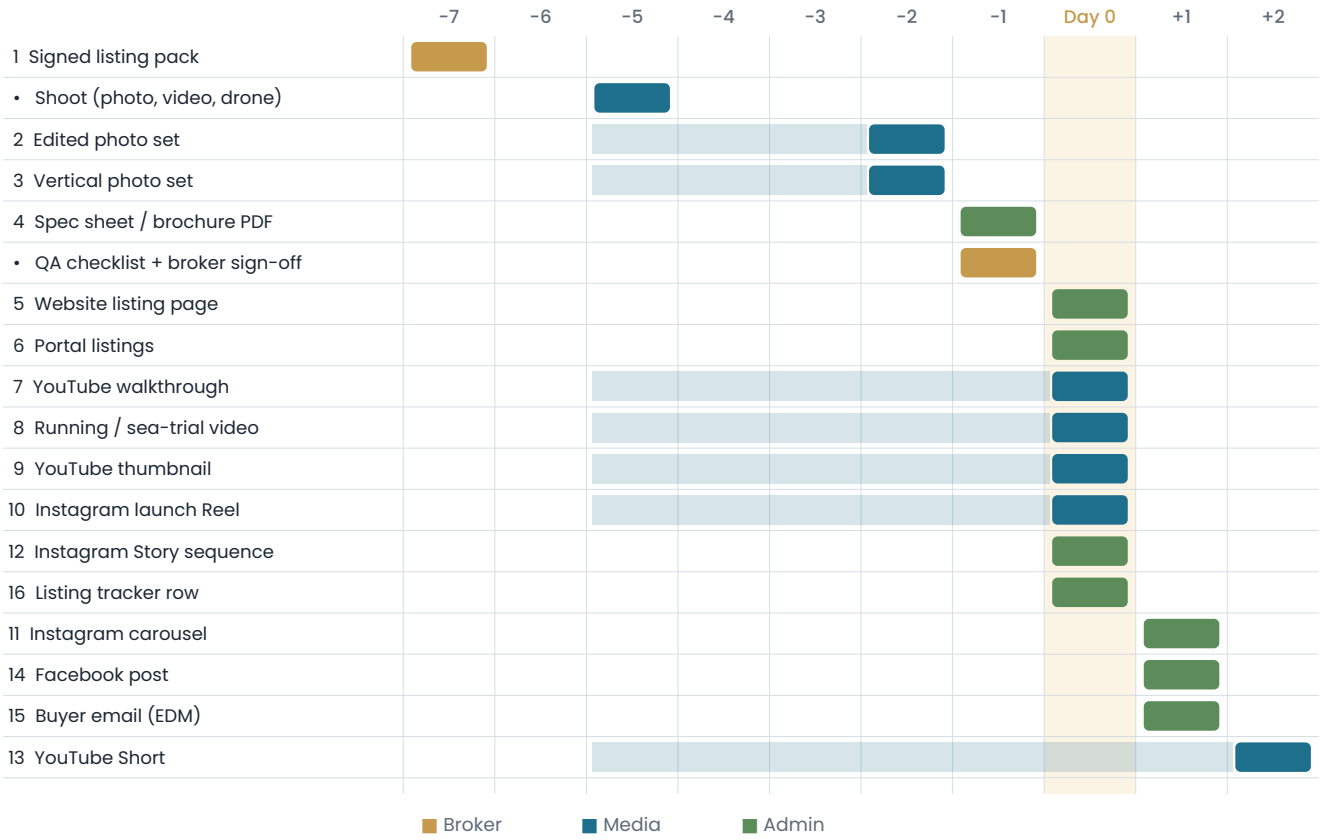

#	Deliverable	Spec	Where it goes	Owner	Due
1	Signed listing pack	Listing agreement, owner spec confirmation, HIN/rego, asking price, berth location, viewing rules, owner media consent	Listing folder	Broker	Day -7
2	Edited photo set	40–60 stills, 3:2 landscape, 4K long edge min, colour-corrected, numbered in shot-list order	Website, portals, brochure	Media	Day -2
3	Vertical photo set	10–15 stills cropped or shot 4:5 and 9:16	IG carousel and Stories	Media	Day -2
4	Spec sheet / brochure PDF	2 pages: hero photo, key specs, highlights, 6 photos, broker contact, QR to listing	Website download, email, printed at viewings	Admin	Day -1
5	Website listing page	Title, price, 300–500 word description, full spec table, gallery, embedded YouTube walkthrough, enquiry form	DMB website	Admin	Day 0
6	Portal listings	Same copy and photo order as website, adapted to each portal's fields	boatsales, Boat Point, YachtHub, YachtWorld*	Admin	Day 0
7	YouTube walkthrough	8–15 min, 16:9, 4K, broker on camera or voiceover, chapters	YouTube, embedded on website	Media	Day 0
8	Running / sea-trial video	60–120 s, 16:9 + 9:16 cut, drone and on-deck running shots, engine audio, natural sound	YouTube, Instagram, website	Media	Day 0
9	YouTube thumbnail	1280×720, hero exterior, max 4 words, DMB logo bottom corner	YouTube	Media	Day 0
10	Instagram launch Reel	20–45 s, 9:16, hook in first 2 s, captions burned in, licensed audio	Instagram, FB Reels, TikTok (optional)	Media	Day 0
11	Instagram carousel	8–10 slides, 4:5; slide 1 hero, last slide price + “link in bio”	Instagram, Facebook	Admin	Day 1
12	Instagram Story sequence	5–7 frames, 9:16, link sticker to listing, poll or question sticker	Stories “For Sale” Highlight	Admin	Day 0
13	YouTube Short	30–60 s vertical, best moment from walkthrough or running video	YouTube Shorts	Media	Day 2
14	Facebook post	Carousel or running video + link to website listing	DMB page, approved boating groups	Admin	Day 1
15	Buyer email (EDM)	Hero photo, 3 highlights, price, video link, “Book a viewing” button	DMB buyer database	Admin	Day 1
16	Listing tracker row	Listing ID, all live links, publish dates, enquiry count	Shared tracker	Admin	Day 0, then weekly

* YachtWorld only for boats over ~$300k or with international appeal. Portal names are the main Australian sites as of October 2026 — confirm which ones DMB currently pays for and delete the rest. Item 1 now includes the owner's written media consent (see section 11).

SECTION 3

Pre-launch timeline

Everything from signed pack to Day 2 on one page. Pale bars show Media's working window between the shoot and the due date.

If the shoot slips

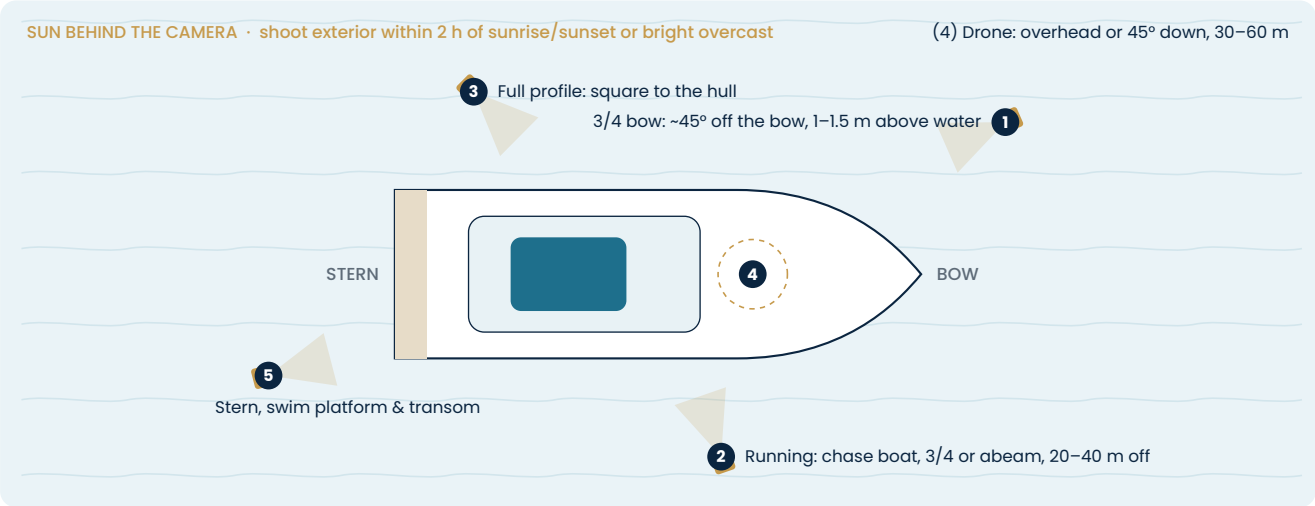

Day 0 moves with it. Never launch with placeholder photos, the wrong season's shots or a partial gallery — a weak first impression on the portals is hard to undo, because launch day gets the most views.

SECTION 4

Photo angle reference

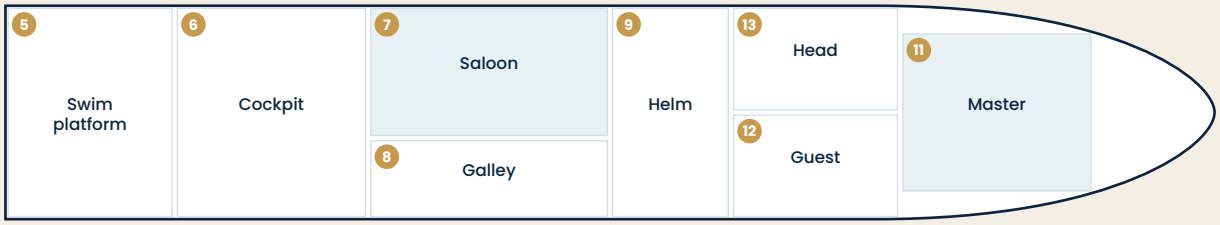

The 15 standard shots, in gallery order. Use the shot plan to place the camera, the deck plan to work through the interior, and the cards for framing. Full technical detail lives in the DMB Shooting & Walkthrough Guide.

Exterior shot plan (top view)

Interior zones (deck plan)

Main deck & lower deck combined (schematic). Flybridge (10) above helm; engine room (14) below saloon.

Shoot each zone from the doorway corner: wide first, then detail

Before you press the shutter

✔ Covers, fenders and lines stowed; decks washed; windows cleaned inside and out

✔ Interior lights on, blinds open, TVs off or on a neutral DMB slide

✔ Shoot RAW, bracket interiors (3–5 exposures), keep verticals vertical

✔ All personal items, photos, documents, food and toiletries removed

✔ Number plates, other boats' names and faces kept out of frame

The 15 standard shots

Illustrations show the framing only. Swap each one for a real photo from a past DMB listing so the team sees the standard on a real boat.

01 Hero exterior — 3/4 bow

Lens: 24–35 mm

Where: From the dock end or a tender, 45° off the bow, camera 1–1.5 m above the water.

Get it right: Boat fills ~70% of frame, bow pointing into the frame. This is slide 1, the thumbnail and the brochure cover.

Illustration — replace with real DMB photo (see Photo slots)

02 Running shot

Lens: 70–200 mm

Where: From a chase boat running parallel or slightly ahead, 20–40 m off.

Get it right: Clean wake, bow slightly lifted, sun behind camera. Shutter 1/1000 s+ for stills.

Illustration — replace with real DMB photo (see Photo slots)

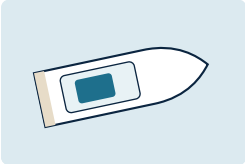

03 Full profile

Lens: 24–50 mm

Where: Square to the hull from the pontoon opposite or the water.

Get it right: Level horizon, whole boat including bow pulpit and swim platform. Shows true proportions.

Illustration — replace with real DMB photo (see Photo slots)

04 Aerial / drone

Drone

Where: Overhead or 45° down from 30–60 m (inside CASA limits, see section 11).

Get it right: Shows deck layout, foredeck pad and tender. Keep neighbouring boats' names out of frame.

Illustration — replace with real DMB photo (see Photo slots)

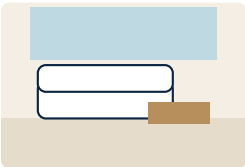

05 Stern & swim platform

Lens: 16–24 mm

Where: Low, centred on the transom from the pontoon or a tender.

Get it right: Platform clear and dry, transom name visible only if owner approves, hydraulic platform shown lowered.

Illustration — replace with real DMB photo (see Photo slots)

06 Cockpit

Lens: 14–20 mm

Where: From the swim-platform step looking forward into the cockpit.

Get it right: Covers off, cushions on, table set simply. Shows how the cockpit flows into the saloon.

Illustration — replace with real DMB photo (see Photo slots)

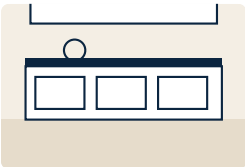

07 Saloon

Lens: 14–18 mm

Where: From the aft door corner at chest height (1.2 m), looking forward.

Get it right: Lights on, blinds open, bracket exposures so windows aren't blown out.

Illustration — replace with real DMB photo (see Photo slots)

08 Galley

Lens: 16–24 mm

Where: Corner of the galley, slightly elevated to show benchtop.

Get it right: Benches cleared except one styling item. Appliance doors closed, brand badges visible.

Illustration — replace with real DMB photo (see Photo slots)

09 Lower helm & electronics

Lens: 18–35 mm

Where: Over the helm seat, then a tight shot of the screens.

Get it right: Displays switched on showing chart page, not error screens. Second frame: close-up of plotters.

Illustration — replace with real DMB photo (see Photo slots)

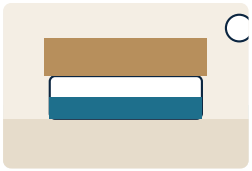

10 Flybridge

Lens: 14–20 mm

Where: From the top of the ladder, then from the forward corner looking aft.

Get it right: Clears covers, bimini up or down to match the hero. Show helm, seating and wet bar.

Illustration — replace with real DMB photo (see Photo slots)

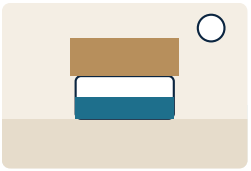

11 Master cabin

Lens: 14–18 mm

Where: From the doorway corner, camera at 1.0–1.2 m.

Get it right: Bed made tight, neutral linen, hull windows open. Second frame: ensuite.

Illustration — replace with real DMB photo (see Photo slots)

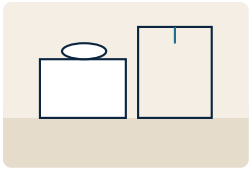

12 Guest cabins

Lens: 14–18 mm

Where: Doorway corner, one wide frame per cabin.

Get it right: Match bed styling across cabins. Bunk cabins: shoot from the end to show length.

Illustration — replace with real DMB photo (see Photo slots)

13 Heads

Lens: 14–16 mm

Where: From the doorway, step back as far as possible.

Get it right: Seat down, towels folded, toiletries out. Mirrors: check the photographer isn't in shot.

Illustration — replace with real DMB photo (see Photo slots)

14 Engine room

Lens: 14–18 mm

Where: From the hatch looking down and from between the engines.

Get it right: Clean bilge, lights on, engine labels and hour meters readable (or a separate close-up).

Illustration — replace with real DMB photo (see Photo slots)

15 Details

Lens: 35–85 mm

Where: Close range: badges, joinery, upholstery stitching, hardware.

Get it right: 6–10 frames to break up the gallery and feed Reels and Stories.

Illustration — replace with real DMB photo (see Photo slots)

Photo slots — how to swap in real DMB photos

Pick the best example of each angle from past DMB listings (owner consent on file), export at 1200 px long edge, name them `angle-01.jpg … angle-15.jpg` and send them over — they drop straight into these cards. Keep them as real DMB boats: the kit's own rule is no stock, renders or AI images.

SECTION 5

Website & portal standard

The website listing is the master copy. Every portal, post and email links back to it.

Field	Standard	Example
Title	[Year] [Make] [Model]	[Hull type]	[Location]	2019 Maritimo X60	Flybridge Motor Yacht	Sydney
URL slug	/listings/[year]-[make]-[model]-[location] — lowercase, hyphens, no listing ID	/listings/2019-maritimo-x60-sydney
Price line	$[price] AUD + Ex-GST, Inc-GST or "Offers over". Never "POA" unless the owner insists in writing.	$1,250,000 AUD Inc-GST
Meta description NEW	150–160 characters: year, make, model, location, 1 highlight, "view walkthrough"	2019 Maritimo X60 in Sydney, 640 hrs, one owner. View photos, specs and a full video walkthrough.

Description template (300–500 words)

1. **Opening line** (1 sentence): the single strongest reason to buy — e.g. "One-owner, fully serviced X60 with only 640 engine hours, ready for summer."
2. **Overview** (2–3 sentences): who it suits, how it's been used, where it's kept.
3. **Highlights** (6–8 bullets): hours, recent servicing, major upgrades, standout equipment.
4. **Layout** (1 short paragraph per zone): cockpit, saloon, galley, flybridge, accommodation, engine room.
5. **Recent works and service history**: dates and what was done.
6. **Call to action**: "Watch the full walkthrough above, then call [Broker name] on [mobile] to book a private inspection in [location]."

Full spec table — always in this order

1 Year	6 Draft	11 Water capacity	16 Generator (make, kW, hours)
2 Make	7 Hull material	12 Cruising / top speed	17 Electronics
3 Model	8 Engines (make, model, hp)	13 Berths	18 Location
4 LOA	9 Engine hours	14 Cabins	19 Registration / survey status
5 Beam	10 Fuel capacity	15 Heads	

Gallery order (matches the 15 shots in section 4)

1 Hero 3/4 bow › 2 Running › 3 Profile › 4 Aerial › 5 Stern / swim platform › 6 Cockpit › 7 Saloon › 8 Galley › 9 Helm › 10 Flybridge › 11 Master cabin › 12 Guest cabins › 13 Heads › 14 Engine room › 15 Details

On the page & on portals

- YouTube walkthrough embedded under the gallery, running video below it, brochure PDF download, "Book a viewing" button, broker phone as a tap-to-call link.
- Portals: paste the same title, description and spec values; upload the first 30–50 photos in the same order; add the YouTube URL in the video field; set the enquiry email to the shared DMB inbox.
- Image alt text NEW: "[Year] [Make] [Model] – [zone]" on every gallery photo (helps search and accessibility).

SECTION 6

YouTube standard

Every listing gets a full walkthrough, a running video and a Short, all with the same naming and description structure.

Field	Walkthrough	Running video	Short
Title	[Year] [Make] [Model] FOR SALE – Full Walkthrough – $[price]	[Year] [Make] [Model] – Running & Sea Trial – For Sale	[Make] [Model] in 30 seconds + #shorts (one emoji max)
Length	8–15 min	60–120 s	30–60 s
Thumbnail	Hero 3/4 bow, "FOR SALE" + price, DMB logo	Best running frame with wake, "ON THE WATER"	Frame from strongest moment
Playlist	For Sale – Current Listings	For Sale – Current Listings	—
End screen	Subscribe + next listing + website link	Walkthrough video	—
Pinned comment	Listing link + broker phone	Walkthrough link	Listing link

Description template (copy, then fill)

```
[Year] [Make] [Model] for sale with Davis Marine Brokerage – $[price] AUD,
located in [location].

[Opening line from website description]

▶ Full listing, specs & brochure: [website listing URL + UTM]
▶ Book a private inspection: [broker name] – [mobile] – [email]
▶ Running video: [running video URL]

KEY SPECS
LOA: [ ] | Engines: [ ] | Hours: [ ] | Berths: [ ] | Location: [ ]

CHAPTERS
00:00 Intro & hero          05:00 Flybridge
00:30 Exterior & hull       06:00 Accommodation
01:30 Swim platform & cockpit 08:00 Engine room
02:30 Saloon & galley       09:30 Running footage
04:00 Helm & electronics    10:30 Summary & price

Follow DMB: Instagram [URL] | Facebook [URL] | Website [URL]
#[Make][Model] #BoatsForSale #[Make] #YachtForSale #SydneyBoats #DavisMarineBrokerage
```

Chapters must match the real timestamps after the edit, start at 00:00, and need at least 3 entries for YouTube to show them. Delete any chapter the boat doesn't have.

Tags (12–15)

[make] [model] · [make] [model] for sale · [year] [make] [model] · [make] for sale australia · [hull type] for sale · boats for sale [city] · yacht walkthrough · boat tour · davis marine brokerage · sam davis boat broker · used [hull type] australia

Walkthrough running order NEW

Hook (best exterior or running shot, 5–10 s) broker intro + price exterior walk-around cockpit saloon & galley helm flybridge cabins engine room running footage summary, price, call to action. Same order as the gallery so buyers can follow along.

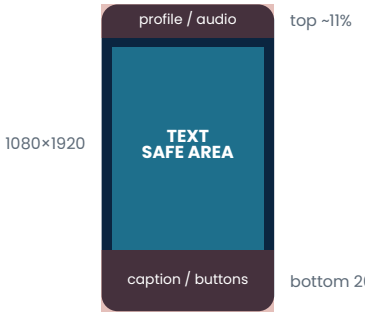

SECTION 7

Instagram standard

Instagram carries three formats per listing — Reel, carousel and Story sequence — and every one points to the website listing.

Launch Reel — Day 0

- 20–45 s, 9:16, 1080×1920.
- **0–2 s hook:** drone reveal, bow lift on the plane, or a fast walk onto the flybridge. No logo intro.
- **Order:** hook 4–6 fast interior cuts running shot end card: [Make] [Model] · $[price] · Link in bio.
- On-screen text burned in (most watch muted), inside the safe area.
- Cover: hero exterior, set before posting so the grid stays clean.
- Audio: licensed track from the Instagram library, or engine / natural sound.

Keep text and the price inside the blue area. Red zones get covered by the app.

Carousel — Day 1

- 8–10 slides, 4:5 (1080×1350).
- Slide 1: hero exterior with “FOR SALE” overlay. Slides 2–9: gallery order.
- Last slide: branded card — price, 3 key specs, “Full walkthrough – link in bio”.

Story sequence — Day 0 (5–7 frames)

Frame	Content	Save to Highlight (remove when sold)
1	Reel shared to Story with “NEW LISTING” text	
2	Hero photo + price	Yes
3	Best interior photo + one highlight (“640 hrs only”)	
4	Running clip (≤15 s)	Yes
5	Poll sticker — e.g. “Flybridge or sports cruiser?”	
6	Link sticker “View listing” website listing (UTM-tagged)	Yes
7	Broker on camera (≤15 s): “DM me or call to book a look.”	

Caption template (Reel and carousel)

```
NEW LISTING ⚓ [Year] [Make] [Model] – $[price] AUD
[Opening line from website description]
✔ [Highlight 1]
✔ [Highlight 2]
✔ [Highlight 3]
[pin] [Location]
[camera] Full walkthrough on YouTube – link in bio
[phone] [Broker name] [mobile] or DM us
#[Make][Model] #[Make] #BoatsForSale #YachtForSale #BoatLife #SydneyHarbour
#[City]Boats #LuxuryYachts #[HullType] #BoatBroker #DavisMarineBrokerage
```

[pin] [camera] [phone] = paste the matching emoji. Keep the first line under 125 characters so price shows before “more”.

Tags & links

- Tag the manufacturer's official account (e.g. @maritimo_yachts) and the location (marina or suburb). Invite the photographer as a Collaborator if they want credit.
- Update link-in-bio so the newest listing sits at the top. Hashtags: 8–15, mixing make/model, category and location.

SECTION 8

Facebook & buyer email

Facebook and email reuse the Instagram and website assets — nothing new is shot for them.

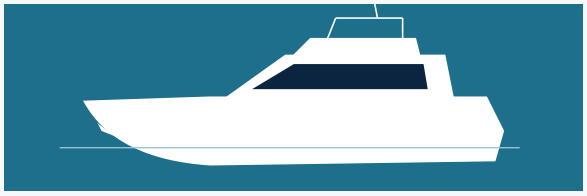

Facebook

- **Page post (Day 1):** running video or carousel, Instagram caption with hashtags cut to 3, website link in the *first line* of the post (not in a comment).
- **Reels (Day 0):** share the launch Reel to Facebook Reels.
- **Groups:** post only where the rules allow brokers, same caption and link. Keep the approved-groups list in the tracker.
- **Marketplace** NEW: only if DMB's page is eligible to list boats in its region; same title, price and first 10 photos, link in the description.

Buyer email (EDM) — Day 1

Subject: Just listed: [Year] [Make] [Model] – $[price]

Preview: [opening line]

✔ Highlight 1 ✔ Highlight 2 ✔ Highlight 3

LOA · Engines · Hours · Berths · Location

Watch the walkthrough

Book a viewing

[Broker name] · [mobile] · DMB

1 Subject + preview text

2 Hero photo (links to listing)

3 3 highlight bullets

4 Key specs row

5 "Watch the walkthrough" YouTube

6 "Book a viewing" website

7 Broker signature with mobile

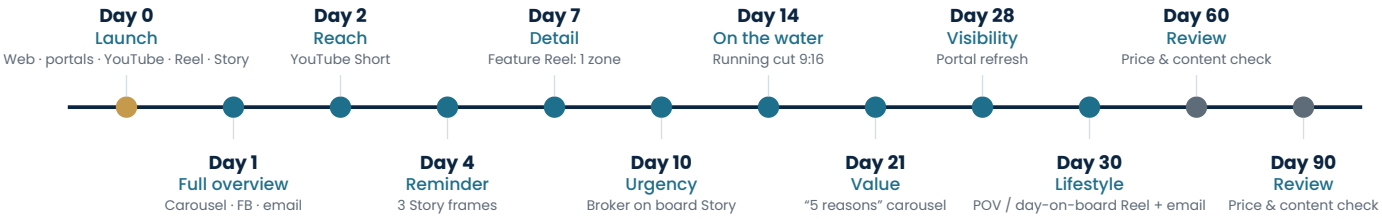

Send to the full buyer list. Broker sends a personal note to any buyer who has asked for this make or size.

Always include the unsubscribe link (Spam Act 2003).

SECTION 9

Launch & repost schedule

A listing gets a fresh post at least once a fortnight until sold. Each repost uses a new angle — never the same Reel twice.

When	Channel	What to post	Angle
Day 0	Website, portals, YouTube	Listing live, walkthrough + running video published	Launch
Day 0	Instagram, FB Reels	Launch Reel + 7-frame Story sequence	Just listed
Day 1	Instagram, Facebook, email	Carousel, Facebook post, buyer email	Full overview
Day 2	YouTube Shorts	Short from best moment	Reach
Day 4	Instagram Stories	3 frames: interior detail, spec, link sticker	Reminder
Day 7	Instagram Reel	Feature Reel: one zone in depth (engine room, flybridge or master)	Detail
Day 10	Instagram Stories	Broker on board, 15 s, "open for inspection" if booked	Urgency
Day 14	Instagram, Facebook	Running video cut 9:16	On the water
Day 21	Instagram carousel	"5 reasons to buy this [Model]"	Value
Day 28	Portals	Refresh: reorder lead photo, bump listing if portal allows	Visibility
Day 30	Instagram Reel + email	Broker walk-on POV or "day on board" lifestyle cut	Lifestyle
Every 14 days	Instagram, Stories	Alternate: detail Reel, lifestyle Reel, Story reminder	Keep visible
Day 60 & 90	Broker + owner	Review enquiries, views and price; agree price or content change	Review

Event-triggered posts — within 24 hours of the event

Event	Post	Copy cue
Price adjustment	Story + Reel + email; update every listing and caption	PRICE ADJUSTED – now $[new price]
Open day / inspection	Story 2 days before and on the day	Date, time, marina, RSVP
Under offer	Story; update website and portal status	UNDER OFFER banner on hero photo
Back on market	Reel + Story + email	BACK ON THE MARKET
Sold	Carousel or Reel (owner handover photo if they agree); mark sold on website, keep page; remove from portals and For Sale Highlight	SOLD – [Make] [Model]. Looking for something similar? DM us.

> **Never delete sold posts**
> Leave them on Instagram and YouTube as social proof. Retitle the YouTube video "SOLD – …".

SECTION 10

Naming, links & hashtags

The same names everywhere make every asset findable in seconds.

File naming

`DMB-[ID]-[Make]-[Model]-[asset]-[nn]` — e.g. `DMB-024-Maritimo-X60-photo-01.jpg`, `…-reel-launch.mp4`, `…-brochure.pdf`

Folder structure

```
DMB-024-2019-Maritimo-X60/
├── 01_Admin          agreement, spec sheet, owner notes, consents
├── 02_Raw            photos, video, drone — untouched originals
├── 03_Edited_Photos  landscape 3:2 + /vertical 4:5 & 9:16
├── 04_Video          walkthrough, running, reels, shorts, thumbnails
├── 05_Copy           description, captions, YouTube text, email
└── 06_Published      screenshots + links log (dated)
```

Tracked links (UTM)

Every link from social or email to the website carries a UTM tag so enquiries can be traced.

Placement	Link
IG Story	`[listing URL]?utm_source=instagram&utm_medium=story&utm_campaign=dmb-024`
IG link in bio NEW	`[listing URL]?utm_source=instagram&utm_medium=bio&utm_campaign=dmb-024`
YouTube	`[listing URL]?utm_source=youtube&utm_medium=description&utm_campaign=dmb-024`
Facebook NEW	`[listing URL]?utm_source=facebook&utm_medium=post&utm_campaign=dmb-024`
Email	`[listing URL]?utm_source=email&utm_medium=edm&utm_campaign=dmb-024`
Brochure QR NEW	`[listing URL]?utm_source=print&utm_medium=brochure&utm_campaign=dmb-024`

Hashtag bank — pick 8–15

Set	Hashtags
Listing-specific	#[Make][Model] #[Make] #[Make]Yachts #[Year][Make]
Category	#BoatsForSale #YachtForSale #MotorYacht #Flybridge #SportsCruiser #Catamaran #LuxuryYachts #BoatLife #YachtLife
Location	#SydneyHarbour #SydneyBoats #PittwaterLife #GoldCoastBoats #AustralianBoating
Brand	#DavisMarineBrokerage #DMBListings #BoatBroker

Remove category tags that don't fit the hull type, and swap location tags to wherever the boat is berthed.

SECTION 11

Platform specs & compliance

One-glance sizes for every format, plus the consents and rules that keep DMB out of trouble.

Asset	Size	Ratio	Length / limit
Website / portal photo	≥3840 px long edge (export 2560 for web)	3:2	40–60 photos
IG carousel	1080×1350	4:5	8–10 slides
IG Reel / Story / Short / TikTok	1080×1920	9:16	Reel 20–45 s · Story clip ≤15 s · Short ≤60 s
YouTube video	3840×2160 (4K)	16:9	Walkthrough 8–15 min · running 60–120 s
YouTube thumbnail	1280×720, under 2 MB	16:9	Max 4 words
Facebook feed video	1080×1350 or 1080×1080	4:5 / 1:1	Running cut ≤2 min
Brochure	A4, 2 pages, print-ready PDF	—	QR to listing (UTM)
Email hero	1200 px wide, under 300 KB	3:2	—

Platform limits change — check the in-app specs once a quarter and update this table.

Compliance & consent NEW

Area	Rule
Owner media consent	Written consent in the listing pack covering photos, video, drone, social and portals, and whether the boat's name, berth and owner may appear. Covers the sold post too.
Accurate advertising	Every claim (hours, speed, servicing, "one owner") must be backed by the spec sheet or service records. Misleading boat ads breach the Australian Consumer Law.
Price display	State GST treatment. If a price changes, update every live placement the same day so no old price stays up.
Privacy	No faces without permission, no number plates, no owner documents, no other boats' names. Blur in edit if missed.
Drone	Fly within CASA rules: under 120 m, 30 m from people, away from controlled airspace and in daylight. Commercial work needs the operator to hold a ReOC or be registered (sub-2 kg excluded category). Many marinas need advance permission.
Music	Only Instagram/YouTube library tracks or tracks with a commercial licence on file. Copyrighted music gets videos muted or pulled.
Email	Only to buyers who opted in; every EDM carries DMB's details and a working unsubscribe (Spam Act 2003).

These are operating rules, not legal advice — check with DMB's licensing body or lawyer if unsure.

SECTION 12

Enquiry handling & reporting NEW

The content only works if enquiries are answered fast and tracked back to the post that produced them. Suggested defaults — adjust to DMB's capacity.

Channel	First response	Who	Logged as
Phone / missed call	Call back within 1 hour (business hours)	Broker	Phone
Portal / website enquiry	Within 2 hours, same business day	Broker (Admin acknowledges)	Portal name / Website
Instagram / Facebook DM	Within 2 hours; move serious buyers to phone	Admin Broker	IG / FB
Comment asking price or specs	Reply publicly within 4 hours, then DM	Admin	Comment
Email reply to EDM	Same business day	Broker	Email

Tracker columns (one row per listing)

- ☐ Listing ID
- ☐ Boat (year/make/model)
- ☐ Broker
- ☐ Asking price + changes (dated)
- ☐ Day 0 date
- ☐ Website URL
- ☐ Portal URLs
- ☐ YouTube walkthrough / running / Short URLs
- ☐ IG Reel / carousel URLs
- ☐ FB post URL
- ☐ EDM sent date
- ☐ Enquiries by source (weekly)
- ☐ Inspections booked
- ☐ Views (portal + YouTube, weekly)
- ☐ Status: live / under offer / sold
- ☐ Next repost date

Weekly 10-minute review
Every Monday: update enquiry counts and views, note which placement drove the most enquiries (UTM report), and flag any listing past Day 30 with fewer than 3 enquiries for the Day 60 price conversation.

SECTION 13

Pre-publish QA checklist

Tick every box before Day 0. The broker signs off last.

Facts

- ☐ Price, hours, specs and location match the signed listing pack
- ☐ Same price shown on website, portals, YouTube, captions and brochure
- ☐ Owner has approved the description and photo set; media consent on file

Visuals

- ☐ All photos are of this boat, taken at this shoot — no stock, renders or AI edits
- ☐ No personal items, number plates, faces or owner documents visible
- ☐ Photos numbered in gallery order, hero first; alt text added
- ☐ Horizons level, verticals straight, colours consistent across the set

Video

- ☐ Walkthrough chapters match timestamps and start at 00:00
- ☐ Reel hook in first 2 s, captions inside safe area, cover image set
- ☐ Music licensed or from the platform library

Links & tags

- ☐ Website listing link works and is UTM-tagged in every placement
- ☐ YouTube video embedded on the website listing; brochure QR scans
- ☐ Link-in-bio updated; Story link sticker tested on a phone
- ☐ Manufacturer and location tagged on Instagram
- ☐ Pinned YouTube comment posted

Admin

- ☐ Tracker row filled with every live link and publish date
- ☐ Repost dates added to the content calendar
- ☐ Test enquiry sent through website form and arrives in the shared inbox
